

# NASA CAMP

**REGISTRATION FORM AND DEPOSIT MONEY IS DUE  
MONDAY, OCTOBER 26th TO HOLD YOUR SPOT**

Who: All Pack 372 Scouts that will be Bears or Webelos in June 2010

What: An overnight scout camp at Space Center Houston!

Webelos will complete the essential components of the Scientist Badge as they design a protective spacesuit for a shuttle astronaut, discover the effects of air pressure and conduct activities involving Bernoulli's Principle and Pascal's Law.

The Bears will complete Space Arrow Points as they discover the planets in our solar system, make a star wheel chart, build and launch a basic rocket and learn about the constellations in the night sky in the brand new planetarium.

Please visit [www.spacecenter.org](http://www.spacecenter.org) for more information
